COPERTURA VEICOLI TPMS VERSIONE 58.1.0a

Questa versione software dedicata ai prodotti TPMS (TPS e TPS KEY) per la manutenzione degli pneumatici arricchisce il database degli strumenti TEXA con importanti novità:

- La funzione TWS (TEXA WIRELESS SCAN) è stata ulteriormente potenziata rendendola più veloce e ancora più affidabile e precisa nell'eseguire la scansione dei diversi sensori.

- Il già ricco database dei sensori sui quali è possibile intervenire è stato ora ulteriormente esteso anche ai nuovissimi:

- **EZ-sensor 2.0** ®
- **T-PRO2** ®
- **Alcar by Schrader** ®

- La copertura dei veicoli sui quali è possibile leggere/codificare/programmare i differenti sensori è stata arricchita di nuovi modelli rendendo il database TPMS di TEXA fra i più completi disponibili ad oggi sul mercato!

Buon lavoro!

TEXA S.p.A.

TPMS VEHICLE COVERAGE VERSION 58.1.0a

This software version dedicated to the TPMS products (TPS and TPS KEY) for tyre maintenance enhances the database of TEXA's tools with important new features:

- The TWS (TEXA WIRELESS SCAN) function has been further increased making it quicker and even more reliable and precise while scanning the different sensors;

- The already rich database of the sensors on which it is possible to work on, has been extended to the very new:

- **EZ-sensor 2.0** ®
- **T-PRO2** ®
- **Alcar by Schrader** ®

- The coverage of vehicles on which it is possible to read/code/programme the different sensors has been implemented with new models, making TEXA's TPMS database among the most complete ones that are available on the market today!

Good luck with your work!

TEXA S.p.A.

WARNING

The trademarks and logos of vehicle manufacturers in this document have been used exclusively for information purposes and are used to clarify the compatibility of TEXA products with the models of vehicles identified by the trademarks and logos. Because TEXA products and software are subject to continuous developments and updates, upon reading this document they may not be able to carry out the DIAGNOSTICS of all the models and electronic systems of each vehicle manufacturer mentioned within this document. References to the makes, models and electronic systems within this document must therefore be considered purely indicative and TEXA recommends to always check the list of the "Systems that can be diagnosed" of the product and/or software at TEXA authorized retailers before any purchase. **The images and the vehicle outlines within this document have been included for the sole purpose of making it easier to identify the vehicle category (car, truck, motorbike, etc.) for which the TEXA product and/or software is intended.** The data, descriptions and illustrations may change compared to those described in this document. TEXA S.p.A. reserves the right to make changes to its products without prior notice.
